

One Million Bullets – Sia

Under the moonlight
Weathering with your warm embrace
(oh-oh-oh-oh)
I feel so safe here
Baby we're worth the wait
(oh-oh-oh-oh)
Yeah, i picked the wrong kind
Time after time
I drank from the poisoned wine
(oh-oh-oh-oh)
Yeah, i picked the wrong kind
But baby you're alright
Yeah, baby i've seen the light
(oh-oh-oh-oh)

I got a feelin', i got a feelin'
Danger is coming, a danger is coming
A danger is coming, oh-oh-oh-oh-oh-oh-oh
I got a feelin', i got a feelin'
The war has been won here, the war has been won here,
He-he-he-he-he-he-he-he-he
(oh-oh-oh-oh)

Under the moonlight, under your moonlit gaze (oh-oh-oh-oh)
I know that i'd take one million bullets babe
Yeah, one million bullets could come my way (oh-oh-oh-oh)
But i want you to know that, i'd take a million babe

How many will you take?
How many will you take?
How many will you take?
How many will you take?
'cause i'd take (one million bullets babe)

If you were a poet and i was a faultless muse
If you were the hero, yeah, i'd take a bullet for you

So take me in your arms, take me for all i have
'cause i'd give my life for one of your belly laughs

I got a feeling, i got a feeling
Danger is coming, a danger is coming
A danger is coming, oh-oh-oh-oh-oh-oh-oh
I got a feeling, i got a feeling
The war has been won here, the war has been won here
(oh-oh-oh-oh)

Under the moonlight, under your moonlit gaze
I know that i'd take one million bullets babe
Yeah, one million bullets should come my way (oh-oh-oh-oh)
But i want you to know that, i'd take a million babe

How many will you take?
How many will you take?
How many will you take?
How many will you take?
'cause i'd take, one million bullets babe
