

## Suitcase – Sia

Have you told me all?  
I've got things to say  
Hey, I'm talking to ya  
We got things to do  
We got plans to make  
And I wanna take you with me  
Yeah, I wanna take you with me

Have you told me all?  
I've got things to say  
Hey, I'm talking to ya  
We got things to do  
We got plans to make  
And I wanna take you with me  
Yeah, I wanna take you with me

But a far-off gaze is wide in me  
Can you feel it?  
And if you can't tell I'm a restless girl  
What are you hearing?

Pack it all away, pack it all in one suitcase  
I got all I need, all I need to be free  
Pack it all away, pack it all in one suitcase  
I got all I need, all I need to be free  
Pack it all away, pack it all in one suitcase  
I got all I need, all I need, I'm flying

Have you told me all?  
I've got things to say  
Hey, I'm talking to ya  
We got things to do  
We got plans to make  
And I wanna take you with me  
Yeah, I wanna take you with me

But a far-off gaze is wide in me  
Can you feel it?  
And if you can't tell I'm a restless girl  
What are you hearing?

Pack it all away, pack it all in one suitcase  
I got all I need, all I need to be free  
Pack it all away, pack it all in one suitcase  
I got all I need, all I need to be free  
Pack it all away, pack it all in one suitcase  
I got all I need, all I need, I'm flying  
Pack it all away, pack it all in one suitcase  
I got all I need, all I need to be free  
Pack it all away, pack it all in one suitcase  
I got all I need, all I need, I'm flying
