

Love Is Just A Word – Silent Circle

I look into the night,
Stars are shining so bright
And I feel what it means to be lonely
Again
I'm touchin' your face,
You just want my embrace
And I feel what it means to be lonely
Again without you
Again What is love
Love is just a word in my life,
It's not a living or dying
I believe in all I can see
Love is the word I'm denying
What is love
You, a face in the crowd,
You, the hope and the doubt
And I feel that I'm losing myself now
Again
You have broken my dreams,
You don't know what it means
To be lost in the world of confusion
Again without you
Again What is love
Love is just a word in my life,
It's not a living or dying
I believe in all I can see
Love is the word I'm denying
What is love
