

Blink (Ben Gold Remix) – Simon Patterson feat. Lucy Pullin

Now I'm lying awake
Thinking of how we changed
What was always so close
Is now so far away
And it's hard to picture anything
That's not me and you
But it's true what they say
Time will take the pain away
And when I close my eyes
It feels just like
A seconds last an hour
And I know I'm
Gonna miss you if I blink
Yeah I'll miss you
If I blink
I just don't wanna blink
I just don't wanna blink
I just don't wanna blink
I just don't wanna blink
I just don't wanna blink
It feels just like
A seconds last an hour
And I know I'm
Gonna miss you if I blink
Yeah I'll miss you
If I blink
