

# A Liar's Funeral – Slipknot

A season at an end  
A harvest of seclusion and regret  
The burning can begin  
A period of ash is what you get  
The quiet is a curse  
But my respect was shown to you by force  
Another day too late  
Another neck too eager for the rope  
Liar  
Liar  
Yesterday was hard  
Tomorrow's just a promise of the same  
When friends have all subscribed  
To spitting on the ground to say my name  
Fire on the ice  
December in the summer kills the heart  
Your hate is no surprise  
I guess I have to die to play my part  
Liar  
Liar  
Close your eyes and join the blind  
Slit your wrists for peace of mind  
Turn your back and show us the truth  
There's only one way to remember it for you  
Burn, burn, burn the liar  
Burn, burn, burn the liar  
Burn, burn, burn the liar  
Burn, burn, burn the liar  
(Hold the weight)  
Never trust the one beside you  
(carried away)  
You know just as much as I do  
(Hold the weight)  
Do it all for what you really love  
(Carried away)  
Use you up until you've had enough

(Hold the weight)

Never trust the one beside you

(Carried away)

You know just as much as I do

(Hold the weight)

Do it all for what you really love

(Carried away)

Use you up until you've had enough

Clench your teeth and tighten your grip

Stand up straight, don't let it slip

Burn, burn, burn the liar

Burn, burn, burn the liar

True victims and survivors learn to make war

Don't wanna be the sad man singing anymore

I did it all wrong, so I'd get it all right

We're wasting all the candles,

The dead need no light

Liar

Liar

Liar
