

For you – Sofia Berg

Lately I've been wondering what it feels like
To see the world through your eyes
And lately my smile went away
When I saw you frowning everyday
I know sometimes it's hard
But you gotta live through the day
And cry through the night cause I'll be there
I don't know many things but I know this one
I will always always be that someone
I will be the one to heal you
When you're broken
The one to hold your hand
When you need someone
I'll be there for you
I will be the one to build you back together
After you have fallen from
The things they say
I'll be there for you
Lately I've been feeling all the times
We used to laugh just the two of us
And lately I've been hoping
That you'd let me stay
Around you forever
I know sometimes it feels like
You're giving up
But no matter what I'll be there
I don't know many things but I know this one
I will always always be that someone
I will be the one to heal you
When you're broken
The one to hold your hand
When you need someone
I'll be there for you
I will be the one to build you back together
After you have fallen from
The things they say

I'll be there for you
I will be the one to heal you
When you're broken
The one to hold your hand
When you need someone
I'll be there for you
I will be the one to build you back together
After you have fallen from
The things they say
I'll be there for you
I'll be your someone
I'll be your someone
I'll be your someone
I'll be your someone
