I didn`t know – Sofia Carson

I was fine before
You walked right through that door
And now I'm something more
Than I ever imagined
I was so sure I knew exactly who you were
But you were something more
Than I ever imagined
In your arms, I'm safe and sound
You turn my world right upside down
But all the hell we've been through
Had a purpose
Together we are chaos and it's perfect
Always thought those feelings,
They were stories not made for me
It's terrifying, but I'm pretty certain
It's worth it
I didn't, I didn't know
What love could, what love could be
Until you, until you loved my everything
The good, the bad, the in between
I didn't know you were something I could need
Until you, until you loved my everything
The good, the bad, the in between, all of me
I was fine before
You kissed me on the forehead
Held me 'til the mornin', never imagined
In your arms, I'm safe and sound
You turn my world right upside down
But all the hell we've been through
had a purpose
Together we are chaos and it's perfect
Always thought those feelings,
They were stories not made for me
It's terrifying, but I'm pretty certain
It's worth it
I didn't, I didn't know

What love could, what love could be
Until you, until you loved my everything
The good, the bad, the in between
I didn't know you were something I could need
Until you, until you loved my everything
The good, the bad, the in between, all of me
I could die
In your eyes for the rest of my life
Icould die in your eyes until the end of time
I didn't, I didn't know
I didn't, I didn't know
I didn't, I didn't know
I didn't, I didn't know
I didn't know, I didn't know
