

# One Kiss – Sofia Carson

Don't freak out, it's okay  
'Cause true love can save the day  
And I think we feel the same  
But I don't know  
When we met, it was sweet  
He was oh so into me  
Seems like things are meant to be  
But I don't know  
Does he love me? Or does he love me not?  
Do I love him? And is it strong enough?  
One kiss, one kiss  
It all comes down to this  
One kiss, one kiss  
Ohh  
One kiss, one kiss  
This moment could be it  
I, I, I wanna know  
So here I go (go)  
Keep it cool, keep it calm  
Think he's loved me all along  
But maybe I got it wrong  
So I don't know (hey)  
He's so good, got my back  
But maybe I'm just too bad  
Could we be a perfect match?  
Now, I don't know  
Does he love me? Or does he love me not?  
Do I love him? And is it strong enough?  
Ooh-oo-hoo-hoo  
One kiss, one kiss  
It all comes down to this  
One kiss, one kiss  
Ohh  
One kiss, one kiss  
This moment could be it  
I, I, I wanna know

So here I go (go)  
Yeah, here I go  
I feel my heartbeat beating saying,  
"It's gonna work"  
But if I'm dream-dream-dreaming,  
This is gonna hurt  
Either I will or I won't  
What if I do and he don't?  
Is he my Romeo?  
Oh, there's only one, one way to really know  
Hey, one kiss, one kiss  
It all comes down to this (one kiss)  
One kiss, one kiss (one kiss)  
Ohh  
One kiss, one kiss  
This moment could be it  
I, I, I wanna know (I wanna know)  
So here I go (go)  
Here I go  
Here I go (here I go, here I go)  
Here I go
