

Cause of Shining in Your Eyes – Spatial Vox

I Never will forget the feeling
Of when I met you, girl, one summer evening
Alive my heart, a flash inside
You're in my mind
My star that's shining bright is near
I know it's time to overcome the fear
And every day is not the same, a loving way
Cause of shining in your eyes
Energy
Girl, you make me hypnotised
Smiling me
Cause of shining in your eyes
I'm alive
Girl, you make me realise
Love is life
Cause of shining in your eyes
Mystery
This is like a paradise
You and me
Cause of shining in your eyes
Dreams come true
Like in heaven paradise
Me and you
I never will forget the feeling
Of when I found in brand new life
Worth living
A burning light, a flash inside
Don't make me blind
I want now everyone to feel it
A love will find you if you reveal it
And every day will not be the same
Is loving way
Cause of shining in your eyes
Energy
Girl, you make me hypnotised
Smiling me

Cause of shining in your eyes
I'm alive
Girl, you make me realise
Love is life
Cause of shining in your eyes
Mystery
This is like a paradise
You and me
Cause of shining in your eyes
Dreams come true
Like in heaven paradise
Me and you
Cause of shining in your eyes
Mystery
This is like a paradise
You and me
Cause of shining in your eyes
Dreams come true
Like in heaven paradise
Me and you
Cause of shining in your eyes
Mystery
This is like a paradise
You and me
Cause of shining in your eyes
Dreams come true
Like in heaven paradise
Me and you
