

# Are You Lonely – Steve Aoki & Alan Walker

I know that you're calling me  
To light up and let the shadow  
That follows you underneath  
I know that you're calling me  
I don't want to play it safe  
'Cause I don't contend like that  
Just keep falling into me  
I know I got your back  
Are you lonely? Are you lonely? Are you lonely?  
I'll stand by you, I'll stand by you  
Are you lonely? Are you lonely? Are you lonely?  
I'll stand by you, I'll stand by you  
Whoever said it was easy  
They never know what we'd do  
Oh, when these walls fall down  
I'll stand by you  
What you believe in  
I'll give it to you  
'Cause when these walls fall down  
I'll stand by you  
Are you lonely? Are you lonely? Are you lonely?  
I'll stand by you, I'll stand by you  
Are you lonely? Are you lonely? Are you lonely?  
I'll stand by you, I'll stand by you
