

Peephole – System of a Down

When your stars are baked
And your rivers fly
Do you ever believe
You were stuck in the sky?
When your castle breaks
And your feet are dry
Do you ever believe
You were stuck in the sky?
Do you believe, when you're high
That your life is tried?
Don't you ever get stuck in the sky
Don't you ever get stuck in the sky
Don't ever get stuck in the sky
When you're high
When your moon is fake
And your mermaids cry
Do you ever believe
You were stuck in the sky?
When your tunnel fades
And your guide is shy
Do you ever believe
You were stuck out in the sky?
Do you believe, when you're high
That your life is tried?
Don't you ever get stuck in the sky
Don't you ever get stuck in the sky
Don't ever get stuck in the sky
When you're high
Don't you ever get stuck in the sky
Don't you ever get stuck in the sky
Don't ever get stuck in the sky
When you're high
Don't you ever get stuck in the sky
Don't you ever get stuck in the sky
Don't you ever get stuck in the sky
Don't you ever get stuck in the sky

Don't you ever get stuck in the sky
Don't you ever get stuck in the sky
Don't ever get stuck in the sky
When you're high
