Peephole - System of a Down

When your stars are baked And your rivers fly Do you ever believe You were stuck in the sky? When your castle breaks And your feet are dry Do you ever believe You were stuck in the sky? Do you believe, when you're high That your life is tried? Don't you ever get stuck in the sky Don't you ever get stuck in the sky Don't ever get stuck in the sky When you're high When your moon is fake And your mermaids cry Do you ever believe You were stuck in the sky? When your tunnel fades And your guide is shy Do you ever believe You were stuck out in the sky? Do you believe, when you're high That your life is tried? Don't you ever get stuck in the sky Don't you ever get stuck in the sky Don't ever get stuck in the sky When you're high Don't you ever get stuck in the sky Don't you ever get stuck in the sky Don't ever get stuck in the sky When you're high Don't you ever get stuck in the sky Don't you ever get stuck in the sky Don't you ever get stuck in the sky

Don't you ever get stuck in the sky

Don't you ever get stuck in the sky Don't you ever get stuck in the sky Don't ever get stuck in the sky When you're high
