

# Wounded Shadow – TainT

It feels like part of me is dying  
And I can't fight  
Every tomorrow brings me  
Closer to the other side  
You want me  
To stay in this insanity  
You want me  
To stay in this insanity  
I can't run away  
There's no room to breathe  
They can choke me  
But I will never be  
The one they've told me  
I can't run away  
There's no room to breathe  
They can choke me  
(SCREAM)  
Can you save me from my darkest moments?  
Can you pull my out of mess I'm in?  
Sun has set and everything is over  
Is there hope for any remedy?  
It feels like part of me  
Is dying and I can't fight  
Every tomorrow brings me  
Closer to the other side  
You know there is pressure on me  
You know there is something I'm hiding  
You know there is a monster inside me  
That's killing the person I want me to be  
Run away!  
Find your place!  
Face to face!  
With our creator!  
Run away!  
Find your place!  
Face to face!

With our creator!  
I can't run away  
There's no room to breathe  
They can choke me  
But I will never  
Be the one they've told me  
I can't run away  
There's no room to breathe  
They can choke me  
Can you save me from my darkest moments?  
Can you pull me out of mess I'm in?  
Sun has set and everything is over  
Is there hope for any remedy?  
(If we are disease,  
Then who is the cure?)  
(If we are disease,  
Then who is the cure?)  
(If we are disease,  
Then who is the cure?)  
Set me free  
Se-se-se-set me  
Set me free  
Se-se-se-set me  
Set me free  
Se-se-se-set me  
Set me free  
(SCREAM)  
Release my body and my soul  
I wanna feel no more  
It brings me back  
Those memories of insecurity  
(instrumental)  
Can you save me?  
Walls are caving in  
Can you save me?  
I AM WOUNDED!!!!
