

# My Foolish Friend – Talk Talk

Lay your hands into my hand  
I've been rude  
I don't care what you do  
Some recall is not enough  
I've seen a few  
Creeping like you do  
My foolish friend  
Don't try to live my life  
Upon this weary line  
My foolish friend  
Don't tell me if I'm right  
Teenage tears the saving grace  
Of this fool  
But no one's watching you  
Save this mirror for your face  
There are two  
No matter what you choose  
My foolish friend  
Don't try to live my life  
Upon this weary line  
My foolish friend  
Don't tell me if I'm right  
When I can really rebel  
Yes I'm really saddened  
My foolish friend  
Don't try to live my life  
Upon this weary line  
My foolish friend  
Don't try to live my life
