

Just Keep Watching (From F1 the Movie) – Tate McRae

Mm, mm-mm, mm-mm-mm

I wanna let my hair down
While I'm staring down your face
Wanna go 'til lights out
Take you right back to my place
You out your mind
If you don't know what this is
I'll tell 'em one by one
Show 'em one by one
Twist my wrist

Goes like this
Start with the track
Eyes on me, archin' my back
Just like this, here for the night
You ain't buyin' in?
Just keep watchin'
Goes like this, move from the back
Eyes on me, how you like that?
Just like this, here for the night
You ain't buyin' in?
Just keep watchin'

Just keep watchin'
Just keep, just keep
Just keep watchin'

I wanna make my mind up
'Cause I know where this might go
Wanna take your time up
But you make it difficult

Your friends, they try
But they don't know what this is

Tell 'em one by one, show 'em one by one
Twist my wrist

Goes like this
Start with the track
Eyes on me, archin' my back
Just like this, here for the night
You ain't buyin' in?
Just keep watchin'
Goes like this, move from the back
Eyes on me, how you like that?
Just like this, here for the night
You ain't buyin' in?
Just keep watchin'

Just keep watchin'
Just keep, just keep
Just keep watchin'
Ooh-ooh

It's alright if you can't keep up
Give me all your love
All night, all night
It's alright if you can't keep up
Give me all your love
All night, all night

Goes like this
Start with the track
Eyes on me, archin' my back
Just like this, here for the night
You ain't buyin' in?
Just keep watchin'
Goes like this, move from the back
Eyes on me, how you like that?
Just like this, here for the night
You ain't buyin' in?
Just keep watchin'

Just keep watchin'

Just keep, just keep
Just keep watchin'

Just keep watchin'
