

# Miss Possessive – Tate McRae

No seriously, get your hands off my man  
Baby blues, undressing him  
Funny how you think that I don't notice it  
Acting like we're friends, we're the opposite  
I know what you are, trying so hard  
Running 'round tryna fuck a star (go)  
Look at the floor, or ceiling  
Or anyone else you're feeling  
Take home whoever walks in  
Just keep your eyes off him  
Yes, I'm Miss possessive  
Pretty girl gon' learn your lesson  
Some fights you're never gon' win  
Just keep your eyes off him  
Better, better keep your, keep your,  
keep your, keep your  
Better, better keep your,  
keep your, keep your eyes off  
Better, better keep your,  
keep your, keep your, keep your  
Better, better keep your,  
keep your, keep your eyes off  
Yeah, I'll be nice, up until I'm not  
And oh-so generous, tonight I forgot  
I'm telling you, you haven't seen  
The 1 am side of me  
When I'm two drinks in,  
and you just can't leave  
Me and my man alone (go)  
Look at the floor, or ceiling  
Or anyone else you're feeling  
Take home whoever walks in  
Just keep your eyes off him  
Yes, I'm Miss possessive  
Pretty girl gon' learn your lesson  
Some fights you never gon' win

Just keep your eyes off him  
Better, better keep your,  
keep your, keep your, keep your  
Better, better keep your,  
keep your, keep your eyes off  
Better, better keep your,  
Keep your, keep your, keep your  
Better, better keep your,  
Keep your, keep your eyes off  
Better, better keep your,  
keep your, keep your, keep your  
Better, better keep your,  
keep your, keep your eyes off  
Better, better keep your,  
keep your, keep your, keep your  
Better, better keep your,  
Keep your, keep your eyes off  
Look at the floor, or ceiling  
Or anyone else you're feeling  
Take home whoever walks in (better, better)  
Just keep your eyes off him  
Yes, I'm Miss possessive  
Pretty girl gon' learn your lesson  
Some fights you're never gon' win  
Just keep your eyes off him
