

# Revolving door – Tate McRae

My cold heart is finally melting  
I moved from the east to the west wing  
I finally think it might be helping, oh, oh  
I confess, I'm not that versatile  
Say I'm good, but I might be in denial  
Takes one call and that undoes the dial (Ah)  
Baby, I tried to call you  
Off like a bad habit  
Tried to call you  
Off like a bad habit  
But I keep comin' back like a revolvin' door  
Say I couldn't want you less,  
but I just want you more  
So I keep comin' back like a revolvin' door  
Say I couldn't want you less,  
but I just want you more  
And more, and more  
And more, more (More)  
And more, and more  
And more, more (More)  
Shut it down  
That I tried, then you come, come around  
Fuck me good, fuck me up,  
then I gotta move towns  
How'd I get from the gym to your couch?  
Oh, how?  
Baby, I tried to (Tried to)  
call you (Call you)  
Off like a bad habit (Yeah)  
Tried to (Tried to) call you (Call you)  
Off like a bad habit  
But I keep comin' back (Oh no)  
like a revolvin' door (Yeah)  
Say I couldn't want you less,  
but I just want you more  
But I keep comin' back (Oh no)

like a revolv'in' door (Yeah)  
Say I couldn't want you less,  
but I just want you more  
And more (Can't get what I want),  
and more (Can't get enough of)  
And more (You, when you make me), more (More)  
And more (Can't get what I want),  
and more (Can't get enough of)  
And more (You, when you make me), more (More)  
Change my mind so much I can't find it  
I work so much, can't be reminded  
Life feels worse, but good with you in it  
Supposed to be on stage  
but fuck it, I need a minute  
Change my mind so much it's exhaustin'  
I still think 'bout that night out in Boston  
I'm more hurt than I would admit  
I'm supposed to be an adult  
, but fuck it, I need a minute  
I need a minute, I need a minute (Ooh)  
I need a, I need, fuck it,  
I need a minute (I need a)  
I need a minute, I need a minute (Yeah)  
I need a, I need, fuck it, I need a minute  
I need a minute  
Ooh, I need a minute  
Mm  
Mm
