

Hammer To The Heart – Teddy Swims

(Ooh, ooh, ooh, ooh, ooh)
Got you cryin' on my shoulder
And I know better than to listen
Just because you're stayin' over
Doesn't mean that you're forgiven
We both know what you done, what you done
Don't love anyone, anyone
Anyone but yourself, oh
Just when I think I found the strength to go
And push you away, away, oh
I pull you in again, oh, I'm such a sucker
For the pain, pain, pain
Baby
I'm helpless, baby
Porcelain in your hands, bound to fall apart
You know how to break me
Hammer to the heart
Caption it passion, and then
Capture me, trap me instead
Happy to die in that web
Wrapped in the sheets of your bed
Ooh, know the only way I'm leaving
Ooh, is in pieces
Just when I think I found the strength to go
And push you away, away, oh
I pull you in again, oh, I'm such a sucker
For the pain, pain, pain
Baby
I'm helpless, baby
Porcelain in your hands, bound to fall apart
You know how to break me
Hammer to the heart
Why do you do this to me?
Leave, and come back, and repeat
Sound of the crash when you swing
Why do you do this to me?

Leave, and come back, and repeat
Sounds like it's just what I need
Baby
I'm helpless, baby
Porcelain in your hands, bound to fall apart
You know how to break me
Hammer to the heart
Baby
I'm helpless, baby
Porcelain in your hands, bound to fall apart
You know how to break me
Hammer to the heart
(Oh) Oh
(Oh)
Porcelain in your hands, bound to fall apart
You know how to break me
Hammer to the heart
