

Ain't That Enough – Teenage Fanclub

If you can I wish you would
Only if you feel you should
Bring your loving over
All adds up with circumstance
All stood up with taking stands
Bring your loving over
Highlights glisten
Silence listens
Days that found you
Embrace that found you
Here is a sunrise, ain't that enough?
True as a clear sky, ain't that enough?
Toy town feelings here to remind you
Summer's in the city do, what you gotta do
Time can only make demands
Fill it up with grains of sand
Bring your loving over
Highlights glisten
Silence listens
Days that found you
Embrace that found you
Here is a sunrise, ain't that enough?
True as a clear sky, ain't that enough?
Toy town feelings here to remind you
Summer's in the city, do what you gotta do
Toy town feeling's, who's gonna argue?
Summer's in the city, summer's in the city
