

Borderline – The 69 Eyes

Did you ever try to understand
What goes inside of a man
That used to hold your hand
Did you ever try to understand
What goes inside of a man
That gives his love in your hands
Some nights we die
Some nights we cry
Don't push your love over the borderline
Some nights we die
Some nights we cry
Don't push your love over the borderline
Over the line
Over the borderline
Over The line
Did you ever try to understand
What goes inside of a man
That used to hold your hand
Did you ever try to understand
What goes inside of a man
That gives his heart in your hands
Some nights we die
Some nights we cry
Don't push your love over the borderline
Some nights we die
Some nights we cry
Don't push your love over the borderline
Over the line
Over the borderline
Over The line
Some nights we die
Some nights we cry
Don't push your love over the borderline
Some nights we die
Some nights we cry
Don't push your love over the borderline

Over the line

Over the borderline

Over The line

Over the borderline

Over The line

Over the borderline

Over The line

Thank you!
