## Pittsburgh - The Amity Affliction

I've been searching for an exit But I'm lost inside my head Where I spend every waking moment Wishing I was dead For a few minutes get me away from here For a few minutes wipe away my tears For I am lost right now as the ocean deep I am low my friend and how my heart does sink Yeah I am lost right now as the ocean deep I am low my friend and how my heart does sink It's like there's cancer in my blood It's like there's water in my lungs And I can't take another step Please tell me I am not undone It's like there's fire in my skin And I'm drowning from within I can't take another breath Please tell me I am not undone I've been searching for an exit But I'm lost inside my head Where I spend every waking moment Wishing this would end I can't take another step I cannot live inside my mind I can't face another day I am so fucking tired For I am lost right now as the ocean deep I am low my friend and how my heart does sink Yeah I am lost right now as the ocean deep I am low my friend and how my heart does sink It's like there's cancer in my blood It's like there's water in my lungs And I can't take another step Please tell me I am not undone It's like there's fire my skin And I'm drowning from within

I can't take another breath Please tell me I am not undone I've been searching for an exit But I'm lost inside my head Where I spend every waking moment Wishing I was dead I'll take another step for you I'll shed my tears until I drown or until I am underground I'll take another breath for you Will you still be there when I'm home Out from the great unknown? It's like there's cancer in my blood It's like there's water in my lungs And I can't take another step Please tell me I am not undone It's like there's fire my skin And I'm drowning from within I can't take another breath Please tell me I am not undone It's like there's cancer in my blood It's like there's water in my lungs And I can't take another step Please tell me I am not undone It's like there's fire my skin And I'm drowning from within I can't take another breath Please tell me I am not undone
