

# Avenger – The Bamboos

In a minute, darling, coming for us

FOR US

Summertime with no returning

TURNING

I don't wanna be that prisoner

I don't wanna get caught up again

Take me down and I'll keep breaking out

AND OUT

And keep

I'll keep running

And keep

And you're still

And keep

Feel the river row

Come out, come out

There's a man who's got something for you

FOR YOU

Come around and all your secrets

SECRETS

Trigger my things you need to heal

Holding on to broken souvenirs

Pull at strangers who start to reaper

APPEAR

And keep

I'll keep running

And keep

And you're still

And keep

Feel the river row

Come out, come out

And keep

I'll keep running

And keep

And you're still

And keep  
Feel the river row  
Come out, come out  
And keep  
I'll keep running  
And keep  
And you're still  
And keep  
Feel the river row  
Come out, come out

Waken up to no one  
Taking all the floor  
Wishing I'm holding  
Here on the floor  
Waken up to no one  
Taking all the floor  
Wishing I'm holding  
Here on the floor
