

Full Moon – The Black Ghosts

When the thorn bush turns white,
That's when I'll come home
I am going out to see what I can sow
And I don't know where I'll go
And I don't know what I'll see
But I'll try not to bring it
Back home with me
Like the morning sun your eyes will follow me
As you watch me wander,
Curse the powers that be
'Cause all I want is here and now,
But its already been and gone
Our intentions always last that bit too long
(Instrumental and vocalization: 38 sec)
Far far away,
No voices sounding
No one around me
And you're still there
Far far away,
No choices passing,
No time confounds me
And you're still there
In the full moons light
I listen to the stream
And in between the silence
Hear you calling me
But I don't know where I am
And I don't trust who I've been
And If I come home how will I ever leave?
(Instrumental and vocalization: to the end)
