## Full Moon - The Black Ghosts

When the thorn bush turns white, That's when I'll come home I am going out to see what I can sow And I don't know where I'll go And I don't know what I'll see But I'll try not to bring it Back home with me Like the morning sun your eyes will follow me As you watch me wander, Curse the powers that be 'Cause all I want is here and now, But its already been and gone Our intentions always last that bit too long (Instrumental and vocalization: 38 sec) Far far away, No voices sounding No one around me And you're still there Far far away, No choices passing, No time confounds me And you're still there In the full moons light I listen to the stream And in between the silence Hear you calling me But I don't know where I am And I don't trust who I've been And If I come home how will I ever leave?
