

Every Baby – The Kelly Family

... Dodo, dodo, dodo dodo
Dodo, dodo, dodo dodo
La da da da da da
... Every baby needs a mama, needs a papa
Close at hand
Every baby needs a mama, needs a papa to
Hold their hand
... I look in the eyes of a beautiful child
They tell me more than words
If reaches his hand and cries for something
Oh I'll give him all I have
... Every baby needs a mama, needs a papa
Close at hand
Every baby needs a mama, needs a papa to
Hold their hand
... Birdies on the window see the birdies
On my window
If I could fly, oh babe then I would fly,
Ohhh ohh, believe in me
... I'm holding his hands and giving my love
Through happiness and sorrow
And in no time he'll be a big boy
Oh what a wonder of love
... Every baby needs a mama, needs a papa
Close at hand
Every baby needs a mama, needs a papa to
Hold their hand
... Every baby needs a mama, needs a papa
Close at hand
Oh little, baby you're not alone
