

# I got no time to live – The Living Tombstone

I got no time,  
I got no time to live,  
I got no time to live,  
And I can't say good bye,  
And I'm regretting having memories  
Of my friends who they used to be  
Beside me before they left me to die  
And I know this is,  
I know this is the truth,  
Cause I've been staring at my death  
So many times,  
These scary monsters roaming in the halls,  
I wish I could just block the doors  
And stay in bed until the clock will chime  
So my flashlight's on,  
And stay up 'till dawn,  
I got this headache  
And my life's on the line  
I felt like I won, but I wasn't done,  
The nightmare repeats itself every time  
Got to keep my calm,  
And carry on stay awake  
Until the sun will shine  
But I'm not so strong,  
And they're not gone  
They're still out there  
To take what's left of mine  
I have this urge  
I have this urge to kill  
I have this urge to kill  
And show that I'm alive  
I'm getting sick from these apologies  
From people with priorities  
That their life matters so much more  
Than mine  
But I'm stuttering

I'm stuttering again  
No will listen and no one will understand,  
Because I'm crying as much as I speak  
Cause no one likes me when I shriek  
I want to go back to when it all began  
So my flashlight's on,  
And stay up 'till dawn,  
I got this headache  
And my life's on the line  
I felt like I won, but I wasn't done,  
The nightmare repeats itself every time  
Got to keep my calm,  
And carry on  
Stay awake until the sun will shine  
But I'm not so strong,  
And they're not gone  
They're still out there  
To take what's left of mine
