

# Daddy Issues – The Neighbourhood

Take you like a drug  
I taste you on my tongue

You ask me what I'm thinking about  
I'll tell you that I'm thinking about  
Whatever you're thinking about  
Tell me something that I'll forget  
But you might have to tell me again  
It's crazy what you do for a friend

Go ahead and cry little girl  
Nobody does it like you do  
I know how much it matters to you  
I know that you got daddy issues

And if you were my little girl  
I'd do whatever I could do  
I'd run away and hide with you  
I love that you got daddy issues, and I do too

I tried to write your name in the rain  
But the rain never came  
So I made with the sun  
The shade, always comes at the worst time

You ask me what I'm thinking about  
I'll tell you that I'm thinking about  
Whatever you're thinking about  
Tell me something that I'll forget  
And you might have to tell me again  
It's crazy what you'll do for a friend

Go ahead and cry little girl  
Nobody does it like you do  
I know how much it matters to you  
I know that you got daddy issues

And if you were my little girl  
I'd do whatever I could do  
I'd run away and hide with you  
I love that you got daddy issues

I keep on trying to let you go  
I'm dying to let you know  
How I'm getting on  
I didn't cry when you left at first  
But now that you're dead it hurts

This time I gotta know  
Where did my daddy go?  
I'm not entirely here  
Half of me has disappeared

Go ahead and cry little boy  
You know that your daddy did too  
You know what your mama went through  
You gotta let it out soon, just let it out

Go ahead and cry little girl  
Nobody does it like you do  
I know how much it matters to you  
I know that you got daddy issues

And if you were my little girl  
I'd do whatever I could do  
I'd run away and hide with you  
I love that you got daddy issues, and I do too

And if you were my little girl  
I'd do whatever I could do  
I'd run away and hide with you  
I love that you got daddy issues, and I do too
