

What Happened to You? – The Offspring

What in the world happened to you?
Before you started talkin'
You used to have a brain
But now you don't get
Even the simplest of the things
I can draw a little picture
Or even use my hands
I try to explain
But you just don't understand
Heeeeey
Man you're really losin' it
Heeeeey
And you've really done a lot of junk now
Heeeeey
But you keep abusin' it
What in the world happened to you
It's bad enough you do it
You do it to yourself
But takin' someone with you
Well you know that's something else
I say I'm not that kind of person
I'm not that kind of man
I try to explain
But you just don't understand
Heeeeey
Man you're really losin' it
Heeeeey
And you've really done a lot of junk now
Heeeeey
But you keep abusin' it
What in the world happened to you
Heeeeey
Man you're really losing it
Heeeeey
And you've really done a lot of junk now
Heeeeey

But you keep on abusin' it
What in the world happened to you
I might be sympathetic or cut a little slack
If I thought that you were willing
To give a little back
But you do it in the morning
You do it in the night
You lie to refrain
From just facing your life
So I'll see you man tomorrow
You'll be gackin' up again
I'll see you in a coffin
By the time your wad is spent
I think of all the times
That I tried to lend a hand
I try to explain
But you just don't understand
Heeeeey
Man you're really losin' it
Heeeeey
And you've really done a lot of junk now
Heeeeey
But you keep abusin' it
What in the world happened to
What in the world happened to
What in the world happened to you
