

# Hit Me Like A Man – The Pretty Reckless

Ow!  
I am strong,  
Love is evil  
It's a version of perversion  
That is only for the lucky people  
Take your time  
And do with me what you will  
I won't mind  
You know I'm ill  
You know I'm ill  
So hit me like a man  
And love me like a woman  
Buried and sad  
Look me in the eyes I want it  
One will give you hell  
One will give you heaven  
Hit me like a man  
Love me like a woman  
Love me like a woman  
Love is strong,  
But I am evil  
You are wrong  
About me  
Take your time  
I'll play with me until  
You can hear the children scream  
Like they're stuck inside a dream  
Like you know, I will  
So hit me like a man  
Love me like a woman  
Bury me alive  
I can see it in your eyes  
You want it  
Some will give you pain  
Some will give you pleasure  
Hit me like a man

Love me like a woman  
Love me like a woman  
Don't you run away, run away from me  
I will run away from you  
Don't you run away, run away from me  
I will run away from you  
Hit me like a man  
Love me like a woman  
Found the devil deep inside  
Can't you see what I'm wanting?  
Some will give you hell  
Some will give you heaven  
So hit me like a man  
Love me like a woman  
Love me like a woman  
Love me like a woman  
Love me like a woman  
Ow!
