

Living In The World Without You – The Rasmus

It's time to believe that it came to this
You paralysed my body with the poison kiss
For forty days and nights I was chained to your bed
You thought that was the end of the story
Something inside me called freedom came alive
Living in a world without you
You told me: "My darling
Without me, you're nothing"
You taught me to look in your eyes
And fed me your sweet lies
Suddenly someone will stare in the window
Looking outside at the sky that had never been blue
Ahh, there's a world without you I see the light
Living in a world without you
Ahh, there is hope to guide me
I will survive
Living in a world without you
It's time to believe that it came to this
You paralysed my body with a poison kiss
For forty days and nights I was chained to your bed
You thought that was the end of the story
Something inside me called freedom came alive
Living in a world without you
You put me together
Then trashed me for pleasure
You used me again and again
Abused me, confused me
Suddenly naked I run through your garden
Right through the gates of the past and I'm finally free
Ahh, there's a world without you I see the light
Living in a world without you
Ahh, there is hope to guide me
I will survive
Living in a world without you
It's time to believe that it came to this
You paralysed my body with a poison kiss

For forty days and nights I was chained to your bed
You thought that was the end of the story
Something inside me called freedom came alive
Living in a world without you
Time to believe that it came to this
You paralysed my body with a poison kiss
For forty days and nights I was chained to your bed
You thought that was the end of the story
Something inside me called freedom came alive
Ahh, there's a world without you I see the light
Living in a world without you
Ahh, there is hope to guide me
I will survive
Living in a world without you
Living in a world without you
Living in a world without you
Living in a world without you
Living in a world without you
