

October And April (ft. Anette Olzon) – The Rasmus

She was like April sky
Sunrise in her eyes
Child of light, shining star
Fire in her heart
Brightest day, melting snow
Breaking through the chill
October and April

He was like frozen sky
In October night
Darkest cloud, endless storm
Raining from his heart
Coldest snow, deepest blue
Tearing down his will
October and April

Like hate and love
World's apart
This fatal love was like poison right from the start
Like light and dark
World's apart
This fatal love was like poison right from the start

We were like loaded guns
Sacrificed our lives

We were like love undone
Craving to entwine

Fatal torch
Final thrill
Love was bound to kill
October and April

Like hate and love

World's apart

This fatal love was like poison right from the start

Like light and dark

World's apart

This fatal love was like poison right from the start

Hate and love

World's apart

This fatal love was like poison right from the start

Light and dark

World's apart

This fatal love was like poison right from the start

October and April

October and April

October and April
