Nobody - The Souls

Nobody, nobody, no, no, no, no, no Nobody, nobody, we don't want to be Nobody, nobody, we just want to be Somebody, somebody

Hey!

All days we are working to achieve something
Everybody think that this is no big deal
I don't know who the are, but they are judging us,
But one day, we will show them
We are not

Nobody, nobody, no, no, no, no, no Nobody, nobody, we don't want to be Nobody, nobody, we just want to be Somebody, somebody Somebody

Everytime we are working to show them one thing But they still think that we are doin' nothin' Now we know who they are, but they didn't change anything

Nobody, nobody, no, no, no, no, no Nobody, nobody, we don't want to be Nobody, nobody, we just want to be Somebody, somebody

We hope that they will understand Just one thing, one word One thing, one word We are not like them

Nobody, nobody, no, no, no, no, no Nobody, nobody, we don't want to be Nobody, nobody, we just want to be

Somebody, somebody

Nobody, nobody, no, no, no, no, no Nobody, nobody, we don't want to be Nobody, nobody, we just want to be Somebody, somebody Somebody, nobody
