

Blue and Yellow – The Used

And it's all in how you mix the two,
And it starts just where the light exists
It's a feeling that you cannot miss,
And it burns a hole,
Through everyone that feels it

Well you're never gonna find it,
If you're looking for it,
Won't come your way,
Well you'll never find it,
If your looking for it

Should've done something, but I've done it enough
By the way, your hands were shaking,
Rather waste some time with you

And you never would have thought in the end,
How amazing it feels just to live again,
It's a feeling that you cannot miss,
It burns a hole, through everyone that feels it

Well you're never gonna find it,
If you're looking for it, won't come your way, yeah
Well you'll never find it, if you're looking for it

Should've done something, but I've done it enough
By the way, your hands were shaking
Rather waste some time with you

Should've said something, but I've said it enough
By the way, my words were faded
Rather waste some time with you

Time with you
Waste some time with you

Should've done something, but I've done it enough
By the way, your hands were shaking
Rather waste my time with you

Should've said something, but I've said it enough
By the way, my words were faded
Rather waste my time with you

Should've done something, but I've done it enough
By the way, my hands were shaking
Rather waste some time with you

Waste some time with you (repeat 7x)

Should've done something, but I've done it enough
By the way, my hands were shaking
Rather waste some time with you
