

# Too Late – The Weeknd

No-no, no-no, no-no-no  
I let you down,  
I led you on  
I never thought I'd be here without you  
Don't let me drown inside your arms  
Bad thoughts inside my mind  
When the darkness comes,  
You're my light, baby  
My light, baby,  
My light when it's dark, and  
I'm too high, baby, too high, baby  
'Cause I know right now, that I lost it (Hey)  
It's way too late to save our souls, baby  
(Oh, oh, yeah)  
It's way too late, we're on our own  
(Baby, on my own)  
I made mistakes, I did you wrong, baby  
(Oh, oh, yeah)  
It's way too late to save my—  
I can't trust (I can't trust)  
Where I live (Where I live) anymore  
(Anymore, anymore, anymore)  
Sources say that we're done,  
How would they know?  
(Cause they know, 'cause they know)  
We're in Hell, it's disguised as a paradise  
With flashing lights  
I just wanna believe there's so much more  
(Hey, hey, hey)  
It's way too late to save our souls, baby  
(Oh, oh, yeah)  
It's way too late, we're on our own  
(Baby, on my own)  
I made mistakes, I did you wrong, baby  
(Oh, oh, yeah)  
It's way too late to save my—

And, ooh, I tell myself I should get over you  
I said, ooh,  
I know I'd rather be all over you  
I'm trying, trying, but I,  
I just want your body  
Riding slow on top of me, girl, on top of me  
I want you, babe, ooh-ooh  
It's way too late to save our souls, baby  
(Souls, baby, oh, oh, yeah)  
It's way too late, we're on our own  
(Baby, on my own)  
I made mistakes, I did you wrong, baby  
(Oh, baby, oh, oh, yeah)  
It's way too late to save my, my—
