

# Cherokee Highway – Thomas Anders

A lonely road, a heart full of tears,  
I miss you, babe, through so many years  
Everybody needs someone to hold  
Tonight, I feel you so close to me;  
Two hearts as one, it's destiny  
Never thought that heaven can be cold  
Oh, baby, take my heart and take my soul  
On Cherokee Highway, well, I did it my way  
I'm running through the night  
On Cherokee Highway, no matter what they say,  
I'll shed us out of sight  
On Cherokee Highway, well, I did it my way  
Oh, baby, I'm lonely, so lonely and blue  
On Cherokee Highway, no matter what they say,  
Oh, baby, I want you, I need you so true  
Our love can go beyond time and space  
Let's fly tonight to that hidden place  
Nobody makes me feel just like you do  
A boulevard, a dreamer, a fool,  
For you, I'll break that golden rule  
I'll take the stars out of the sky for you  
Oh, baby, you're too good, oh, to be true  
On Cherokee Highway, well, I did it my way  
I'm running through the night  
On Cherokee Highway, no matter what they say,  
I'll shed us out of sight  
On Cherokee Highway, well, I did it my way  
Oh, baby, I'm lonely, so lonely and blue  
On Cherokee Highway, no matter what they say,  
Oh, baby, I want you, I need you so true  
On Cherokee Highway, well, I did it my way  
Oh, baby, I'm lonely, so lonely and blue  
On Cherokee Highway, no matter what they say,  
Oh, baby, I want you, I need you so true
