Craving You - Thomas Rhett

Every time we have to say goodbye I'm counting down until we say hello Every touch is like the strongest drug I don't know how much longer I can go I never had something that I can't walk away from But, girl, my self-control's so paralyzed When it comes to you, no, I ain't got no patience There's something 'bout you girl I just can't fight You're like that cigarette That shot of 100 proof No matter how much I get I'm always craving That feeling when we kiss The way your body moves No matter how much I get I'm always craving you Craving you All the in-between is killing me You know I come unglued from missing you Sunset eyes, no, I don't have to try Because you know exactly what to do I never had something that I can't walk away from But, girl, my self-control's so paralyzed When it comes to you, no, I ain't got no patience There's something 'bout you I just can't fight You're like that cigarette That shot of 100 proof No matter how much I get I'm always craving That feeling when we kiss The way your body moves No matter how much I get I'm always craving you Craving you Craving you
