

# Circus of The Dead – TryHardNinja | VIDEO GAME SINGER

If you don't mind we  
Would like a take moment  
To invite you to an ongoing performance  
In a hall of tragedies  
To watch the Circus of the Dead  
Feel the spotlight fading  
We can't do this alone  
Need an audience  
So we can play out our roles  
Got a front row seat that's so close  
It's like you're part of the show

There's a place in the dark  
Horror stories go to hide  
Buried deep underground  
Pain and torment mechanized  
Whoa  
On a lit up stage  
Whoa  
Terror's on display

There's a place in the dark  
Horror stories go to hide  
Buried deep underground  
Pain and torment mechanized  
Whoa  
On a lit up stage  
Terror's on display

THE SHOW MUST GO ON

Hit the lights we're going  
Till there's no pulse left  
This masquerade of souls  
Needs a victim

Won't you be our hopeless guest?  
But if it helps you can pretend  
It's make believe inside your head  
This nightmare's as real as it gets  
In this Circus of the  
In this Circus of the  
In this Circus of the Dead

Good you go here just in time  
You better hurry  
It's our show but you're the star  
Destined for glory  
Here performing death defying acts  
That we can't wait to see  
Body count high as the tight rope  
Will you make it?  
Zero safety nets  
The tension is electric  
Tonight you're the one  
That jumps through hoops  
We're going off the script

There's a place in the dark  
Horror stories go to hide  
Buried deep underground  
Pain and torment mechanized

It's where fear comes to life  
Know you never stood a chance  
As you gasp for breath  
Here on the stage  
You can run  
You can hide  
Feel the cold steel on your hands  
Crawling to your death  
There's no escape  
It's a spectacle that drags you  
Down six feet below  
So you should have stayed  
And just enjoyed some time at home  
Encore!  
Now the ringmaster comes for you  
It's the grand finale  
It'll all be over soon
