

# Midnight Beast – Turn It Up

Just a couple friends  
We're racing through 6 am  
Wanna play that track again  
Come on turn it up  
Too quiet up in here  
How my next-door gonna hear  
'Cause like the party disappears  
If we don't turn it up  
Neighbors campaigning  
Means that it's getting entertaining  
But they ain't even complaining  
Come on turn it up  
Turn it up!  
(Turn it up)  
Drinking the cheapest stuff  
We can down it by the cup  
Even if the music sucks  
Let's turn it up  
Heat in the room, party coming up on balloons  
Hearin' banging banging from brooms  
Turn it up  
Now neighbours complaining  
And, this shit is getting entertaining  
I can't even hear what's playin'  
Turn it up!  
Turn it up!  
Turn it up!  
Suddenly sirens who let the police inside,  
This is getting crazy as hell  
And, someone is playing diamonds  
The sounds are Rihanna mixed with MC  
And Hammer  
A couple shots of Havana, guess the  
Authority's hammered  
The next thing the party is going up  
Like an army

Tasers are flying above me  
And I see Officer Charlie jump over the table  
Taking couple shots start swinging  
Around his head  
And he looks to me with these crazy eyes  
And shouts  
Turn it up!  
Turn it up!  
Turn it up!  
Turn it up!  
Turn it up!
