

# Chlorine – Twenty One Pilots

Sippin' on straight chlorine  
Let the vibes slide over me  
This beat is a chemical, beat is a chemical  
When I leave don't save my seat  
I'll be back when it's all complete  
The moment is medical, moment is medical  
Sippin' on straight chlorine  
Lovin' what I'm tastin'  
Venom on my tongue  
Dependant at times  
Poisonous vibration  
Help my body run  
I'm runnin' for my li-i-i-i-i-i-fe  
Runnin' for my li-i-i-i-i-i-fe  
Sippin' on straight chlorine  
Let the vibes slide over me  
This beat is a chemical, beat is a chemical  
When I leave don't save my seat  
I'll be back when it's all complete  
The moment is medical, moment is medical  
Sippin' on straight chlorine  
Fall out of formation  
I plan my escape from walls they confined  
Rebel red carnation  
Grows while I decay  
I'm runnin' for my li-i-i-i-i-i-fe  
Runnin' for my li-i-i-i-i-i-fe  
Yeah, I'm runnin' for my li-i-i-i-i-i-fe  
Runnin' for my li-i-i-i-i-i-fe  
Had you in my coat pocket  
Where I kept my rebel red  
I felt I was invincible  
You wrapped around my head  
Now different lives I lead  
My body lives on lead  
The last two lines may read

Incorrect until said  
The lead is terrible in flavor  
But now you double as a papermaker  
I despise you sometimes  
I love to hate the fight and you in my life  
Is like  
Sippin' on straight chlorine  
Let the vibes slide over me  
This beat is a chemical, beat is a chemical  
When I leave don't save my seat  
I'll be back when it's all complete  
The moment is medical, moment is medical  
Sippin' on straight chlorine  
Let the vibe, let the vibe  
Let the vibe, let the vibe  
Beat is a chemical, yeah  
Let the vibe, let the vibe  
Let the vibe, let the vibe  
Moment is medical, yeah  
Sippin' on straight chlorine  
Let the vibe, let the vibe  
Let the vibe, let the vibe  
Beat is a chemical, yeah  
Let the vibe, let the vibe  
Let the vibe, let the vibe  
Moment is medical, yeah  
I'm so sorry, I forgot you  
Let me catch you up to speed  
I've been tested like the ends of  
A weathered flag that's by the sea  
Can you build my house with pieces?  
I'm just a chemical  
Can you build my house with pieces?  
I'm just a chemical  
Can you build my house with pieces?  
I'm just a chemical  
Can you build my house with pieces?  
I'm just a chemical
