Chlorine – Twenty One Pilots

Sippin' on straight chlorine Let the vibes slide over me This beat is a chemical, beat is a chemical When I leave don't save my seat I'll be back when it's all complete The moment is medical, moment is medical Sippin' on straight chlorine Lovin' what I'm tastin' Venom on my tongue Dependant at times Poisonous vibration Help my body run I'm runnin' for my li-i-i-i-i-fe Runnin' for my li-i-i-i-i-fe Sippin' on straight chlorine Let the vibes slide over me This beat is a chemical, beat is a chemical When I leave don't save my seat I'll be back when it's all complete

The moment is medical, moment is medical

Sippin' on straight chlorine

Fall out of formation

I plan my escape from walls they confined

Rebel red carnation

Grows while I decay

I'm runnin' for my li-i-i-i-i-fe

Runnin' for my li-i-i-i-i-fe

Yeah, I'm runnin' for my li-i-i-i-i-fe

Runnin' for my li-i-i-i-i-fe

Had you in my coat pocket

Where I kept my rebel red

I felt I was invincible

You wrapped around my head

Now different lives I lead

My body lives on lead

The last two lines may read

Incorrect until said The lead is terrible in flavor But now you double as a papermaker I despise you sometimes I love to hate the fight and you in my life Is like Sippin' on straight chlorine Let the vibes slide over me This beat is a chemical, beat is a chemical When I leave don't save my seat I'll be back when it's all complete The moment is medical, moment is medical Sippin' on straight chlorine Beat is a chemical, yeah Let the vibe, let the vibe Let the vibe, let the vibe

Let the vibe, let the vibe

Let the vibe, let the vibe

Moment is medical, yeah

Sippin' on straight chlorine

Let the vibe, let the vibe

Let the vibe, let the vibe

Beat is a chemical, yeah

Let the vibe, let the vibe

Let the vibe, let the vibe

Moment is medical, yeah

I'm so sorry, I forgot you

Let me catch you up to speed

I've been tested like the ends of

A weathered flag that's by the sea

Can you build my house with pieces?

I'm just a chemical

Can you build my house with pieces?

I'm just a chemical

Can you build my house with pieces?

I'm just a chemical

Can you build my house with pieces?

I'm just a chemical
