

# Friend Please – Twenty One Pilots

I feel for you, but when did you believe you were alone?  
You say that spiders crawled inside  
And made themselves a home  
Where light once was

Petrified of who you are and who you have become  
You will hide from everyone, denying you need someone  
To exterminate your bones

Friend, please remove your hands from  
Over your eyes for me  
I know you want to leave but  
Friend, please don't take your life away from me

Living like a ghost you walk by everyone you know  
You say that you're fine  
But you have lost your sway and glow  
So I stopped by to let you know

Friend, please remove your hands from  
Over your eyes for me  
I know you want to leave but  
Friend, please don't take your life away from me

Would you let me know your plans tonight?  
'Cause I just won't let go 'til we both see the light  
And I have nothing else left to say  
But I will listen to you all day, yes I will

Friend, please remove your hands from  
Over your eyes for me  
I know you want to leave but  
Friend, please don't take your life away from me
