

Come Back To Me Baby – US5

Come back to me
Just come back to me girl
Come back to me

Girl I used to think it was ok,
Don't know what to say
I need you in my life
The love we shared, you know it felt so strong
But I feel something's wrong
Girl I need you now

I don't wanna believe that it's over
I don't wanna believe this love is through
All I want is to look in your eyes, and be with you

Come back to me baby
Come back 'cause I need you by my side
Come back to me baby, 'cause I need you here

Now I'm prayin' for a better day
That we can find a way
To make this feelin' last
Tell me why we have to be alone
How can we carry on
With this pain inside

Come back to me baby
Come back 'cause I need you by my side
Come back to me baby, 'cause I need you here

Come back to me baby
Come back 'cause I need you by my side
Come back to me baby, 'cause I need you here

Tonight I'm gonna be with you
Why can't you see, my love is real

If only I had you in my arms,
Please come back to me
I'll make you feel the love that I have
That I have

Come back to me baby
Come back 'cause I need you by my side
Come back to me baby,'cause I need you here

Just come back to me
Just come back to me girl
Come back to me, 'cause I need you here

Come back to me baby
Come back 'cause I need you by my side
Come back to me baby,'cause I need you here
With me
