

# Come Back To Me Baby – US5

Come back to me  
Just come back to me girl  
Come back to me

Girl I used to think it was ok,  
Don't know what to say  
I need you in my life  
The love we shared, you know it felt so strong  
But I feel something's wrong  
Girl I need you now

I don't wanna believe that it's over  
I don't wanna believe this love is through  
All I want is to look in your eyes, and be with you

Come back to me baby  
Come back 'cause I need you by my side  
Come back to me baby, 'cause I need you here

Now I'm prayin' for a better day  
That we can find a way  
To make this feelin' last  
Tell me why we have to be alone  
How can we carry on  
With this pain inside

Come back to me baby  
Come back 'cause I need you by my side  
Come back to me baby, 'cause I need you here

Come back to me baby  
Come back 'cause I need you by my side  
Come back to me baby, 'cause I need you here

Tonight I'm gonna be with you  
Why can't you see, my love is real

If only I had you in my arms,  
Please come back to me  
I'll make you feel the love that I have  
That I have

Come back to me baby  
Come back 'cause I need you by my side  
Come back to me baby,'cause I need you here

Just come back to me  
Just come back to me girl  
Come back to me, 'cause I need you here

Come back to me baby  
Come back 'cause I need you by my side  
Come back to me baby,'cause I need you here  
With me
