

Dethroned emperor (Celtic Frost cover) – Vader

See the portal,
Gate to madness
Locked forever
In a veil of shame
Deny extraction
Thirst for disgrace
Watch his break
The emperor is killed
Light of the day
Shadows from beyond
Scaffold of steel
The throne has gone
Gone
Dethroned emperor
Dethroned emperor
The foot of the stairs,
Dimension in might
The king sits,
His eyes are glass
Growing of the small
The laughter's fall
Can you deny
Remaining cries?
Descent of the lords
Into the trap
Existence and hate
Unseen gate
Gate
Dethroned emperor
Dethroned emperor
