

Bejbi aj low ju wery macz – Walaszek

Baby Since you left me
I feel like nobody
Please come back to me And make me happy
Baby, I love you very much
Baby I want you to touch me
Darling since you've been gone
I cannot, cannot go on!
Darling, I love you,
Please come back to me!
Without you baby I feel like a prick!
Without you I cannot come
(Papara parapapa)
Baby I miss you so much
Miss your kisses under the touch
I want to hold your hand
And sing with you in your bed
Ever since you've been gone
I feel like a condom!
Darling, I love you,
Please come back to me!
Without you baby I feel like a prick!
