

# Paradise ( What about us? ) – Within Temptation feat Tajra

There's no sense, the fire burns  
When wisdom fails it changes all  
The wheel embodies all that keeps on turning  
Blood red skies, I feel so cold  
No innocence, we play our role  
The wheel embodies all, where are we going?  
All in all you'd expect the wise to be wiser  
Fallen from grace And all and all  
I guess We should have known better, 'cause  
What about us? Isn't it enough  
No we're not in Paradise  
This is who we are  
This is what we've got  
No, it's not our Paradise  
But it's all we want  
And it's all that we're fighting for  
Though it's not paradise You and us, or  
I and them There comes a time to take a stand  
The wheel is watching all,  
It keeps on burning The venom works,  
It's like a curse  
A Trojan horse, when will we learn?  
The wheel embodies all, that keeps returning  
All in all you'd expect the wise to be wiser  
Fallen from grace And all and all  
I guess We should have known better,  
'cause What about us?  
Isn't it enough No we're not in Paradise  
This is who we are This is what we've got  
No, it's not our Paradise  
But it's all we want  
And it's all that we're fighting for  
Though it's not paradise  
What about us? Isn't it enough  
No we're not in Paradise

This is who we are  
This is what we've got  
No, it's not our Paradise  
But it's all we want  
And it's all that we're fighting for  
What about us? Isn't it enough  
No we're not in Paradise  
This is who we are This is what we've got  
No, it's not our Paradise  
But it's all we want  
And it's all that we're fighting for  
But it's not paradise What about us?  
What about us? What about us?  
Isn't it enough? What about us?  
What about us?  
What about us? Isn't it enough?  
What about us? What about us?  
What about us? Isn't it enough?  
What about us? What about us? What about us?  
Isn't it enough?
