

# In The Middle Of The Night – Within Temptation

I've been walking this road of desire  
I've been begging for blood on the wall  
I don't care if I'm playing with fire  
I'm aware that I'm frozen inside  
I have known all along  
So much more going on, no denying  
But I know I'm not standing alone  
You've been playing my mind through my wishes  
You can feel that we're haunting the truth  
Don't know why, can't hold on,  
Always losing control  
In the middle of the night  
I don't understand what's going on  
It's a world gone astray  
In the middle of the night  
I can't let it end  
So I'll keep searching  
In shadows your life  
It will never be in vain  
In the middle of the night  
No more tears  
No, 'cause nothing else matters  
I've been closing my eyes for too long  
Only vengeance will make me feel better  
There's no rest till I know that it's done  
You've been playing my mind through my wishes  
You can feel that we're haunting the truth  
Don't know I can't hold on  
Always losing control  
In the middle of the night  
I don't understand what's going on  
It's a world gone astray  
In the middle of the night  
I can't let it end  
So I'll keep searching

In shadows your life  
It will never be in vain  
In the middle of the night  
In the middle of the night  
In the middle of the night  
In the middle of the night  
In the middle of the night  
I don't understand what's going on  
It's a world gone astray  
In the middle of the night  
I can't let it end  
So I'll keep searching  
In shadows your life  
It will never be in vain  
In the middle of the night
