

# Sinead – Within Temptation

I've gotta try it's not over yet  
No signals of life have you left  
My heart is bleeding just for you  
Bleeds for only you  
And it hurts to know the truth

Are you looking for savior  
Chasing a dream  
Love turned to hate  
Now I'm crossing the border  
Sealing our fate  
But I'm not afraid

Oh Sinéad, for the first time  
Life is gonna turn around  
I'm telling you you will like it, I know  
Oh Sinéad, it's the first time  
Only you can set it free  
Oh Sinéad, come break away with me

This second chance I know won't last  
But it's OK, got not regrets  
And I, I feel the end near,  
I'm no fool Getting closer  
But I'm doing what I should

I've been drowning in sorrow  
Chasing tomorrow, running away  
Now you're crossing the borders  
Sealing tomorrow  
But you're not afraid

Oh Sinéad, for the first time  
Life is gonna turn around  
I'm telling you you will like it, I know  
Oh Sinéad, it's the first time

Only you can set it free  
Oh Sinéad, come break away with me

I've been drowning in sorrow  
Chasing tomorrow, running away  
Now you're crossing the borders  
Sealing tomorrow, but you're not afraid

Oh Sinéad, for the first time  
Life is gonna turn around  
I'm telling you, you will like it

Oh Sinéad, for the first time  
Life is gonna turn around  
I'm telling you you will like it, I know  
Oh Sinéad, it's the first time  
Only you can set it free  
Oh Sinéad, come break away with me
