

The Purge – Within Temptation

[Intro]

(I can't see)

(I can't see)

[Verse 1]

Got no scars cut on my skin

Only my truth is wearing thin

And it hollows me It hollows me

I hate the darkness of my past

The cold rebelling, it drives me mad

And it follows me

It's carving the heart out of me

I've got to bleed it out

All my thought intoxicated 'cause the weight on me

It buries me alive

[Pre-Chorus]

It pulls me down right into the darkness

It pulls me down and I can't resist

[Chorus]

Let me feel it 'cause I don't know,

I can't see All I feel is I'm breaking up

Oh, can't you see it's taking over, over me

Can't you see?

Yeah, you want me to fight it and you want me to let go

Yeah, you tell me to fight it and you damn me

If I don't So, let me bleed it out and purge me

I can't see, no I can't see, no I can't see

And I feel I'm breaking

(I can't see) (I can't see)

[Verse 2]

My defiance made me strong

But now I'm doubting what I have done

And it's killing me, it's killing me

I hate to see what I've become

I find no peace, no justice done

This gravity, it's carving the heart out of me

I've got to bleed it out

All my thoughts intoxicated,

'cause the weight on me

It buries me alive

[Pre-Chorus]

It pulls me down right into the darkness

It pulls me down and I can't resist

[Chorus]

Let me feel it 'cause I don't know,

I can't see All I feel is I'm breaking up

Oh, can't you see it's taking over, over me

Can't you see? Yeah,

You want me to fight it and you want me to let go

Yeah, you tell me to fight it and you damn me if I don'

let me bleed it out and purge me

I can't see, no I can't see, no I can't see
