

# What have you done – Within Temptation

Would you mind if I hurt you?  
Understand that I need to  
Wish that I had other choices  
Than to harm the one I love

I know, should stop believing  
I know, there's no retrieving  
It's over now  
What have you done?

What have you done now!

I, I've been waiting for someone like you  
But now you are slipping away Oh  
(What have you done now)  
Why, Why does fate make us suffer?  
There's a curse between us  
Between me and you

What have you done! x4  
What have you done! now  
What have you done! x4  
What have you done now!

Would you mind if I killed you?  
Would you mind if I tried to?  
Cause you have turned into my worst enemy  
You carry hate that I don't feel  
It's over now  
What have you done?

What have you done now!

I, I've been waiting for someone like you  
But now you are slipping away Oh  
(What have you done now)

Why, Why does fate make us suffer?

There's a curse between us

Between me and you

What have you done! x4

What have you done now!

What have you done! x4

What have you done now!

What have you done! x8

I will not fall, won't let it go

We will be free, when it ends

I, I've been waiting for someone like you

But now you are slipping away Oh

(What have you done now)

Why, Why does fate make us suffer?

There's a curse between us

Between me and you

I, I've been waiting for someone like you

But now you are slipping away Oh

(What have you done now)

Why, Why does fate make us suffer?

There's a curse between us

Between me and you
